

## General Walkthrough

Your goal in the game is to make enough money to pay off the mob each Monday night. Earn cash by any means necessary

To continue to earn more and more money, you're going to need to progress along your journey of feminization and self-discovery

To progress along your journey of feminization and self-discovery, keep attending your appointments. Specifically:

- Go to class each weekday
- Work at the Cauldron whenever you have a shift
- Meet up with Todd at the gym when your sessions are booked
- Enjoy a date with Susan every Friday evening

Sometimes you'll need to buy an item or article of clothing to advance. There are stores located at your university campus
